Why Church Fuel?

Thousands of pastors worldwide have trusted Church Fuel to help them grow their churches in a healthy way. Why? Read below and see for yourself.

Church Fuel is an integral part to my personal leadership development, giving me specific items to work through in our staff and church. Our staff team became aligned to the same goals and we worked intentionally through them strengthening our team, culture, and systems. Not only would I say we have a healthier church culture, but I’ve greater confidence in what I’m doing and know specifically what to work on.

**Lawrence Huey**, Pastor | **Epicentere West Los Angeles**, Los Angeles, CA

Since I’ve been implementing some of the things that I’ve learned from Church Fuel, we have grown. When I took over, we were at 54 members. We have grown now to where our attendance every Sunday is around 130. Because of our growth, we’ve had to go to two services, and I attribute a lot of that to Church Fuel... I would say to someone who’s on the fence about joining Church Fuel... jump in. Take advantage of everything, the relationships. Take advantage of the community. Take advantage of the resources.

**Christopher Georges**, Pastor | **Fullness Church**, Chesapeake, VA

I have been so blessed by this community. You will never know how much I needed these resources, words of encouragement, prayers, and just a place to come and lay out what’s on my mind from time to time. I love being able to share with all of you. Thank you for serving together, and the fact that there is a spirit of working together and not of competition. Everything around me is so competitive that it is hard to fellowship with other pastors. Y’all are a Godsend. I thank the Lord he directed me here. Thank you from the depths of my heart.

**Rob Watts**, Pastor | **Columbus West Church**, Columbus, OH

I have been in a few networks, but I truly appreciate the authentic, tangible tools that you at Church Fuel have offered, without just using it to sell us a book or a program all the time. Support and practical tips are crucial to us on the ground. We left the business world and got thrust into planting a church with no experience or support system, so we appreciate the support!! 9 years now and going strong.... most of the time. Bless you guys, and be encouraged that you are making a difference!

**Joanne Hoehne**, Pastor | **The Source Church**, Bradenton, FL
